Naming Opportunities

Dismas Home is grateful for all contributions to the Courage to Change Campaign. Every donor will be recognized unless anonymity is requested.

A naming opportunity can be reserved at the time a pledge card or letter of intent is signed. Once the gift or pledge payments have been paid in full, a plaque recognizing the donor(s) will be placed on the space selected or reserved by the donor. We will honor naming opportunity requests in the order received and notify a donor if their choice is not available.
